INDEPENDENT AUDITOR'S REPORT

Board of Trustees Michigan Carpenters' Pension Fund 6525 Centurion Drive Lansing, MI 48917

Gentlemen:

Opinion

We have audited the accompanying financial statements of Michigan Carpenters' Pension Fund, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of August 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the years then ended, the statement of accumulated plan benefits as of August 31, 2021 and 2020, the related statement of changes in accumulated plan benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Michigan Carpenters' Pension Fund as of August 31, 2022 and 2021, and the changes in its net assets available for benefits for the years then ended, and the accumulated plan benefits as of August 31, 2021 and 2020, and changes in its accumulated plan benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Michigan Carpenters' Pension Fund and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Michigan Carpenters' Pension Fund's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Michigan Carpenters' Pension Fund's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Michigan Carpenters' Pension Fund's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Bunda Stan, Sty & Canyon, P.C.

Sterling Heights, Michigan March 21, 2023

NOTES TO FINANCIAL STATEMENTS

Note A: Description of the Plan

The following brief description of the Michigan Carpenters' Pension Fund, as in effect on August 31, 2022 is provided for general purposes only. For more complete information, refer to the amended and restated Plan document.

- General The Pension Fund was established effective August 6, 1963 as a result of
 collective bargaining. The Plan is a defined benefit pension plan covering all
 employees working under collective bargaining agreements which require
 contributions to the Fund. It is a multi-employer fund subject to the provisions of
 the Employee Retirement Income Security Act of 1974 (ERISA), as amended.
- 2. <u>Retirement Benefits</u> Information about the Plan, the vesting and benefit provisions is contained in the Summary Plan Description. Copies are available at the offices of each participating Local Union or the Fund Office.

Note B: Summary of Significant Accounting Policies

- General The accounting records of the Plan are maintained on the accrual basis of accounting. Contributions received subsequent to August 31, 2022, attributed to hours worked prior to September 1, 2022, have been reflected as contributions due from employers as of August 31, 2022, in accordance with the consistent policy of the Fund.
- 2. Estimates The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.
- 3. <u>Valuation of Investments</u> Quoted market prices, where available, are used to value investments at fair value. The change in the difference between cost and fair value from the beginning of the year to the end of the year, as well as the realized gains and losses during the year, is reflected as net appreciation (depreciation) in fair value of investments. Investments with no quoted market price represent estimated fair value.

NOTES TO FINANCIAL STATEMENTS (Continued)

Note B: Summary of Significant Accounting Policies (Continued)

4. Actuarial Present Value of Accumulated Plan Benefits – Accumulated plan benefits are those future periodic payments, including lump sum distributions, that are attributable under the Plan provisions to the service participants have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated participants or their beneficiaries, (b) beneficiaries of participants who have died and (c) present participants or their beneficiaries. Benefits under the plan are based on participants' service credit as described in the Summary Plan Description. The accumulated plan benefits for active participants are based on their service credit on the dates as of which the benefit information is presented August 31, 2021 and 2020 Benefits payable under all circumstances – retirement, death, disability and termination of employment – are included, to the extent they are deemed attributable to participant service rendered to the valuation date. Benefits to be provided via annuity contracts excluded from plan assets are excluded from accumulated plan benefits.

The actuarial present value of accumulated plan benefits is determined by an actuary from United Actuarial Services, Inc. and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment. The significant actuarial assumptions used in the valuations as of August 31, 2021 and 2020 were (a) life expectancy of participants; 120% of the PRI-2012 Blue Collar Mortality Table for Employees and Healthy Annuitants and 90% of the PRI-2012 Blue Collar Mortality Tables for female employees and healthy annuitants projected forward using the MP-2021 projection scale was used for 2021 and 110% of the PRI-2012 Blue Collar Mortality Table for Employees and Healthy Annuitants projected forward using the MP-2020 Projection Scale and for female annuitants the contingent survivor table was used for 2020, (b) retirement age (based upon certain retirement probabilities) and (c) investment return. The 2021 and 2020 valuations included the assumed average rate of return of 7.5%. Administrative expenses associated with providing benefits for the 2021 and 2020 valuations were assumed at \$1,350,000. The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

Note C: Funding Policy

The Plan is funded entirely by employer contributions as specified in the collection bargaining agreements. Contributions for the years ended August 31, 2022 and 2021 exceeded the minimum funding requirements of ERISA.

NOTES TO FINANCIAL STATEMENTS (Continued)

Note D: Fair Value Measurements

FASB Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
 - quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement. These level 3 fair value measurements are based primarily on management's own estimates, using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the assets. Significant level 3 inputs include information provided by fund managers, third-party appraisals, year-end audited financial statements, projected discounted cash flows, and net asset value with adjustments related to certain restrictions. Management assesses the valuation of these investments through the engagement of a third-party investment advisor and periodic meetings to review these investments.

In instances where by inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Fund's assessment of the significance of particular inputs to these fair value measurements requires judgement and considers factor specific to each asset.

NOTES TO FINANCIAL STATEMENTS (Continued)

Note D: <u>Fair Value Measurements</u> (Continued)

The following valuation methodologies have been used to value the Fund's investments:

Corporate bonds and notes – These investments are valued using quoted market prices and/or other market data for the same or comparable instruments and transactions in establishing the prices, discounted cash flow models, and other pricing models. These models are primarily industry-standard models that consider various assumptions, including time value and yield curve as well as other relevant economic measures.

Common stocks – Common stocks, which are primarily compromised of U.S. common stocks, are valued at closing quoted prices reported in active markets.

Mutual funds – Mutual funds are valued at closing quoted prices reported in active markets.

Common collective trust funds – Common collective trust funds are valued at net asset value per shares (or its equivalent) of the funds, which is based on the fair value of the Fund's underlying net assets.

Limited partnerships – Limited partnerships are valued based on the Fund's percentage ownership of the net assets of each entity or at net asset value per share (or its equivalent) based on audited investee financial statements, with adjustments to account for partnership activity and other applicable valuation adjustments, where applicable.

Insurance company separate accounts – Insurance company separate accounts are valued at net asset value per share (or its equivalent) of the investment, which is based on the fair value of insurance company's underlying net asset.

Real estate common collective trusts – Real estate common collective trusts are valued at net assets value per share (or its equivalent) of the real estate, which is based on the fair value of the real estate's underlying net assets.

Hedge fund of funds – Hedge fund of funds are valued at net assets value per share (or its equivalent) of the Hedge funds which is based on the fair value of Hedge funds underlying net asset.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Fund believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to estimate fair value could result in a different fair value measurement at the reporting date.

Note G: <u>Investment in Limited Partnerships</u>

The Plan's investment include ownership interest in limited partnerships as follows:

AG Core Plus Realty Fund III, L.P.

The Plan has invested in this limited partnership and holds an ownership interest proportionate to the ratio of its capital contribution to total capital contributed by all partners.

The limited partnership invests in real estate.

- a) Net gain Net profits shall be first allocated to the General Partner if net losses were allocated to the general partner pursuant to Note G(b) below with respect to the non-allocable net loss of the limited partners, until the cumulative amount of net profits allocated to the general partner pursuant to this Note G(a) for the then current and all previous accounting periods is equal to the cumulative amount of net losses allocated to the general partner pursuant to Note F(b) with respect to the non-allocable net loss of the limited partners for all previous accounting periods.
- b) Net loss Net losses, if any, for an accounting period shall be allocated to the Partners in proportion to their respective percentage interest as of the first day of that accounting period except that, to the extent that such an allocation of net losses to a limited partner would result in such limited partner having an adjusted capital account deficit at the end of any accounting period, such allocation of net losses (the "non-allocable net loss") shall not be made but instead the non-allocable net loss shall be reallocated to the general partner. In the event any limited partner has an adjusted capital account deficit at the end of any fiscal year, such limited partner shall be specially allocated items of partnership income and gain in the amount of such excess as soon as practicable.

NOTES TO FINANCIAL STATEMENTS (Continued)

Note G: Investment in Limited Partnerships (Continued)

Harbor Vest Partners, L.P.

The Plan has invested in this limited partnership and holds an ownership interest proportionate to the ratio of its capital contribution to total capital contributed by all partners.

The limited partnership invests in equity-oriented investments in venture capital, management buy-in, management buy-out, leveraged buy-out, mezzanine, special situation, and recapitalization transactions.

The methodology by which gains and losses, net of expenses of the partnership are to be allocated is as follows:

- a) Net gain Net profits shall be first allocated to the General Partner if net losses were allocated to the general partner pursuant to Note G(b) below with respect to the non-allocable net loss of the limited partners, until the cumulative amount of net profits allocated to the general partner pursuant to this Note G(a) for the then current and all previous accounting periods is equal to the cumulative amount of net losses allocated to the general partner pursuant to Note G(b) with respect to the non-allocable net loss of the limited partners for all previous accounting periods.
- b) Net loss Net losses, if any, for an accounting period shall be allocated to the Partners in proportion to their respective percentage interest as of the first day of that accounting period except that, to the extent that such an allocation of net losses to a limited partner would result in such limited partner having an adjusted capital account deficit at the end of any accounting period, such allocation of net losses (the "non-allocable net loss") shall not be made but instead the non-allocable net loss shall be reallocated to the general partner. In the event any limited partner has an adjusted capital account deficit at the end of any fiscal year, such limited partner shall be specially allocated items of partnership income and gain in the amount of such excess as soon as practicable.

Private Advisors Small Company Private Equity Fund VI, L.P.

The Plan has invested in this limited partnership and holds an ownership interest proportionate to the ratio of its capital contribution to total capital contributed by all partners.

The limited partnership looks to acquire and develop large, long-life producing oil and gas assets in North America.

The methodology by which gains and losses, net of expenses of the partnership are to be allocated is as follows:

a) Net gain - Net profits shall be first allocated to the General Partner if net losses were allocated to the general partner pursuant to Note G(b) below with respect to the non-allocable net loss of the limited partners, until the cumulative amount of net profits allocated to the general partner pursuant to this Note G(a) for the then current and all previous accounting periods is equal to the cumulative amount of net losses allocated to the general partner pursuant to Note G(b) with respect to the non-allocable net loss of the limited partners for all previous accounting periods.

NOTES TO FINANCIAL STATEMENTS (Continued)

Note G: <u>Investment in Limited Partnerships</u> (Continued)

Kayne Private Energy Income Fund II, L.P.

b) Net loss - Net losses, if any, for an accounting period shall be allocated to the Partners in proportion to their respective percentage interest as of the first day of that accounting period except that, to the extent that such an allocation of net losses to a limited partner would result in such limited partner having an adjusted capital account deficit at the end of any accounting period, such allocation of net losses (the "non-allocable net loss") shall not be made but instead the non-allocable net loss shall be reallocated to the general partner. In the event any limited partner has an adjusted capital account deficit at the end of any fiscal year, such limited partner shall be specially allocated items of partnership income and gain in the amount of such excess as soon as practicable.

Crescent Capital Trust II Levered, L.P.

The Plan has invested in this limited partnership and holds an ownership interest proportionate to the ratio of its capital contribution to total capital contributed by all partners.

The limited partnership invests in multi-asset class diversified portfolios of primarily below investment grade debt securities.

- a) Net gain Net profits shall be first allocated to the General Partner if net losses were allocated to the general partner pursuant to Note G(b) below with respect to the non-allocable net loss of the limited partners, until the cumulative amount of net profits allocated to the general partner pursuant to this Note G(a) for the then current and all previous accounting periods is equal to the cumulative amount of net losses allocated to the general partner pursuant to Note G(b) with respect to the non-allocable net loss of the limited partners for all previous accounting periods.
- b) Net loss Net losses, if any, for an accounting period shall be allocated to the Partners in proportion to their respective percentage interest as of the first day of that accounting period except that, to the extent that such an allocation of net losses to a limited partner would result in such limited partner having an adjusted capital account deficit at the end of any accounting period, such allocation of net losses (the "non-allocable net loss") shall not be made but instead the non-allocable net loss shall be reallocated to the general partner. In the event any limited partner has an adjusted capital account deficit at the end of any fiscal year, such limited partner shall be specially allocated items of partnership income and gain in the amount of such excess as soon as practicable.

Private Advisors Small Company Private Equity Fund VIII, L.P.

The Plan has invested in this limited partnership and holds an ownership interest proportionate to the ratio of its capital contribution to total capital contributed by all partners.

The limited partnership invests in lower middle market partnerships that will target companies of less than \$150 million of enterprise value that generate \$10 million - \$15 million of EBITDA.

The methodology by which gains and losses, net of expenses of the partnership are to be allocated is as follows:

- a) Net gain Net profits shall be first allocated to the General Partner if net losses were allocated to the general partner pursuant to Note G(b) below with respect to the non-allocable net loss of the limited partners, until the cumulative amount of net profits allocated to the general partner pursuant to this Note G(a) for the then current and all previous accounting periods is equal to the cumulative amount of net losses allocated to the general partner pursuant to Note G(b) with respect to the non-allocable net loss of the limited partners for all previous accounting periods.
- b) Net loss Net losses, if any, for an accounting period shall be allocated to the Partners in proportion to their respective percentage interest as of the first day of that accounting period except that, to the extent that such an allocation of net losses to a limited partner would result in such limited partner having an adjusted capital account deficit at the end of any accounting period, such allocation of net losses (the "non-allocable net loss") shall not be made but instead the non-allocable net loss shall be reallocated to the general partner. In the event any limited partner has an adjusted capital account deficit at the end of any fiscal year, such limited partner shall be specially allocated items of partnership income and gain in the amount of such excess as soon as practicable.

U.S. Bancorp Emerging Market Equities Series, L.P.

The Plan has invested in this limited partnership and holds an ownership interest proportionate to the ratio of its capital contribution to total capital contributed by all partners.

The limited partnership looks to invest in middle-market companies in the U.S.

Sigular Guff Small Buyout Opportunities V Fund, L.P. (Continued)

The Plan has invested in this limited partnership and holds an ownership interest proportionate to the ratio of its capital contribution to total capital contributed by all partners.

The limited partnership looks to invest in small and lower middle market companies through commitments to private equity funds and equity co-investments alongside fund managers and deal sponsors.

The methodology by which gains and losses, net of expenses of the partnership are to be allocated is as follows:

- a) Net gain Net profits shall be first allocated to the General Partner if net losses were allocated to the general partner pursuant to Note G(b) below with respect to the non-allocable net loss of the limited partners, until the cumulative amount of net profits allocated to the general partner pursuant to this Note G(a) for the then current and all previous accounting periods is equal to the cumulative amount of net losses allocated to the general partner pursuant to Note G(b) with respect to the non-allocable net loss of the limited partners for all previous accounting periods.
- b) Net loss Net losses, if any, for an accounting period shall be allocated to the Partners in proportion to their respective percentage interest as of the first day of that accounting period except that, to the extent that such an allocation of net losses to a limited partner would result in such limited partner having an adjusted capital account deficit at the end of any accounting period, such allocation of net losses (the "non-allocable net loss") shall not be made but instead the non-allocable net loss shall be reallocated to the general partner. In the event any limited partner has an adjusted capital account deficit at the end of any fiscal year, such limited partner shall be specially allocated items of partnership income and gain in the amount of such excess as soon as practicable.

NOTES TO FINANCIAL STATEMENTS (Continued)

Note H: Plan Termination

In the event the Plan terminates, the net assets of the Plan will be allocated as prescribed by ERISA and its related regulations.

Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation (PBGC) if the Plan terminates. Generally, PBGC guarantees most vested normal age retirement benefits, early retirement benefits and certain disability and survivors' pension benefits. However, PBGC does not guarantee all types of benefits under the Plan and the amount of benefit protection is subject to certain limitations.

Whether all participants receive their benefits should the Plan terminate at some time will depend on the sufficiency, at that time, of the Plan's net assets to provide those benefits and may also depend on the level of benefits guaranteed by the Pension Benefit Guaranty Corporation.

Note I: Tax Status

The trust established under the Plan to hold the Plan's assets is qualified and exempt from income taxes pursuant to Sections 401(a) and 501(a) respectively, of the Internal Revenue Code. The Plan has obtained a favorable tax determination letter from the Internal Revenue Service and the Plan sponsor believes the Plan, as amended, continues to qualify and to operate as designed.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Fund and recognize a tax liability (or asset) if the Fund has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Fund is subject to routine audits by taking jurisdictions; however, there are currently no audits for any tax periods in progress.

Note J: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics,

all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

NOTES TO FINANCIAL STATEMENTS (Continued)

Note J: Risks and Uncertainties (Continued)

In addition to investments and cash equivalents, financial instruments which potentially subject the Plan to concentrations of credit risk consist principally of cash. The Plan places its cash with tier I financial institutions. At times, the amount of cash on deposit in banks may be in excess of the respective financial institution's FDIC insurance limit.

Note K: Securities Lending

The Trustees of the Plan have an agreement with the custodial bank for the Plan authorizing the bank to lend securities held in the Plan account to third parties. The bank must obtain collateral from the borrower in the form of cash, letters of credit issued by an entity other than the borrower, or acceptable securities. Both the collateral and the securities loaned are marked-to-market on a daily basis so that all loaned securities are fully collateralized at all times. In the event that the loaned securities are not returned by the borrower, the bank will at its own expense either replace the loaned securities or, if unable to purchase those securities on the open market, credit the Plan account with cash equal to the fair value of the loaned securities.

The Plan and the bank each receive a percentage of the net income derived from securities lending activities based on the type of securities. Income earned during year ended August 31, 2022 was \$303 net of bank fees of \$100.

Although the Plan's securities lending activities are collateralized as described above, they involve both market and credit risk. In this context, market risk refers to the possibility that the borrowers of securities will be unable to collateralize the loan upon a sudden material change in the fair value of the loaned securities or the collateral. Credit risk refers to the possibility that counterparties involved in the securities lending program may fail to perform in accordance with the terms of their contracts.

The fair value of securities loaned by the plan is \$1,145,588 at August 31, 2022.

Note L: <u>Securities Lending Deficiency</u>

During the year ended August 31, 2010, the Fund was notified by Comerica Bank about an unrealized loss in the securities lending collateral pool. The Fund recognized a loss in the amount of \$698,998 as a result. During the year ended August 31, 2014, \$106,476 was credited against the deficiency as a result of a class action settlement and recognized as income. The remaining deficiency of \$501,193 is carried on the books as a liability but is not required to be paid at this time.

Note M: <u>Employer Withdrawal Liability</u>

The Fund complies with provisions of the Multi-Employer Pension Plan Amendments Act of 1980 that require imposition of "withdrawal liability" on a contributing employer that partially or totally withdraws from the Fund. The Fund uses the presumptive method, as described in ERISA 4211(b), to allocated unfunded vested benefits to employers that withdraw. This is the method by statute for use by construction industry plans.

NOTES TO FINANCIAL STATEMENTS (Continued)

Note N: Reportable Transactions

The United States Department of Labor requires all transactions in excess of 5% of the current value of the Plan's net assets for non-participant-directed investments to be disclosed separately in the financial statements as a reportable transaction.

Note O: Party-in-Interest Transactions

Plan investments, with exception of the mutual funds, certain common collective trust, insurance company separate accounts, real estate common collective trusts and hedge fund of funds are held at Comerica (the Custodian). The transactions of the Custodian qualify as party-in-interest transactions.

Fees paid during the year for legal, auditing, investment manager, investment advisor, and other professional services rendered by parties-in-interest were based on customary and reasonable rates for such services.

Note P: <u>Subsequent Events</u>

The date to which events occurring after August 31, 2022, the date of the most recent Statement of Net Assets Available for Benefits, have been evaluated for possible adjustment to the financial statements or disclosures is March 21, 2023, which is the date on which the financial statements were available to be issued.

Note Q: <u>Joint Delinquency Committee</u>

A joint delinquency committee was established in March, 2012 by common resolution of the Michigan Carpenters' Funds. It is authorized to act on behalf of all Michigan Carpenters' Funds. It is authorized to act on behalf of all Michigan Carpenters' Funds in the duties of collecting contributions and arranging and evaluating audits of contributing employers. Pursuant to an amendment adopted on March 27, 2012, Michigan Carpenters' Funds contribute a pro-rata share of the cost of performing the previously mentioned duties.

Expenses incurred in connection with collection of delinquent employer contributions for the various Michigan Carpenters' Funds are being paid from the Michigan Carpenters' Pension Fund. Net additions and deductions are reported as net collection program expenses on the statement of changes in net assets available for benefits. The Pension Fund is reimbursed by the Michigan Carpenters' Health Care Fund, Michigan Carpenters' and Millwrights' Statewide Joint Apprenticeship and Training Fund, Michigan Carpenters' Annuity Fund, and Carpenters' International Training Center for a pro-rated share of these expenses. The Fund incurred collective expenses of \$134,322 related to other Funds' pro-rated share of the aforementioned expenses for the year ended August 31, 2022. Approximately \$40,858 and \$45,822 of reimbursements are due from various fringe benefit funds at August 31, 2022 and 2021, respectively.

MICHIGAN CARPENTERS' PENSION FUND SUPPLEMENTAL SCHEDULES

John M. Grace, CPA Bryan D. Stulz, CPA George Benda, CPA (1941-2007)

INDEPENDENT AUDITOR'S REPORT ON SUPPLEMENTAL INFORMATION

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets held for investments and schedule of reportable transactions for the year ended August 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

e, Mr. Sty & Cany, P.C.
